

TENDER NOTICE

K-Electric (KE) has powered Karachi for over one hundred years. Through a network spanning 6,500 square kilometers, KE supplies power to all residential, commercial, industrial, and agricultural areas that fall under the city's ambit and beyond, serving over 2.5 million customers across Karachi, Dhabeji and Gharo in Sindh, and Uthal, Vinder and Bela in Baluchistan.

KE is the only vertically-integrated power utility in Pakistan, which means the organization manages all three key areas – Generation, Transmission and Distribution – of producing and delivering energy to consumers.

K-Electric, Pakistan's only vertically-integrated power utility that manages all three key stages – generation, transmission and distribution – of producing and delivering energy to its consumers, invites tenders for procurement / Supply as per details given below:
